

Sign up for free Sitecore e-learning training

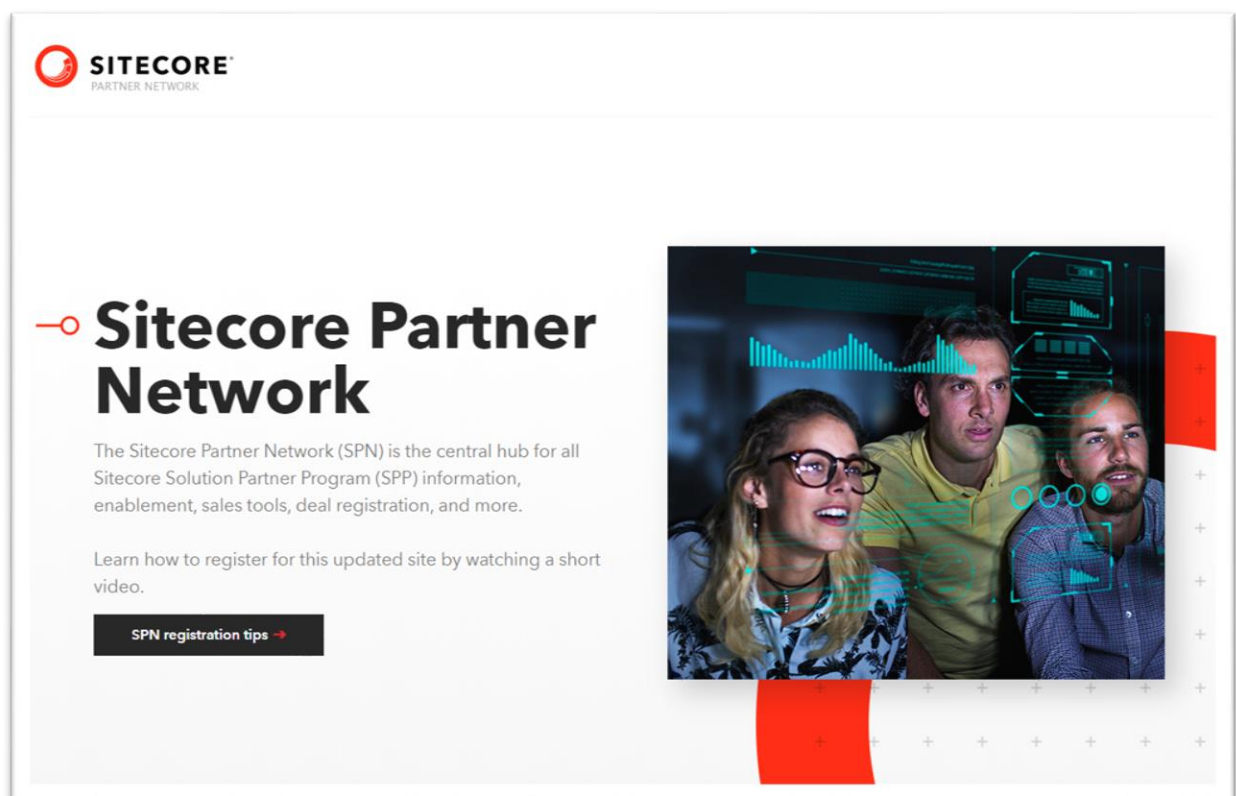

Sitecore is now offering free e-learning for partners. The following are the instructions on how to sign up for this training.

Getting the training for free relies on two parts:

1. Sitecore Partner Network registration
2. Signing up for the training using your @avanade.com email address

1. Sitecore Partner Network registration

Firstly, you need to login to the Sitecore Partner Network <https://partners.sitecore.com/s/>

If you aren't registered, follow the SPN registration tips, where there is a video showing you how to register and login.

Please get yourself registered in the portal after following all the required instructions.

You will firstly receive an email on Email Verification. Please carefully read all the details and click on the **Verify email** link provided in the mail as shown below:

After setting up your profile page and password, your registration should be completed, and you must receive a **welcome email** as shown below:

SITECORE®

Hello RUCHI,

You're one step away from entering the new Sitecore Partner Network (SPN). Go to partners.sitecore.com and enjoy improved information processing, content accessibility, interface design and an overall better Partner experience!

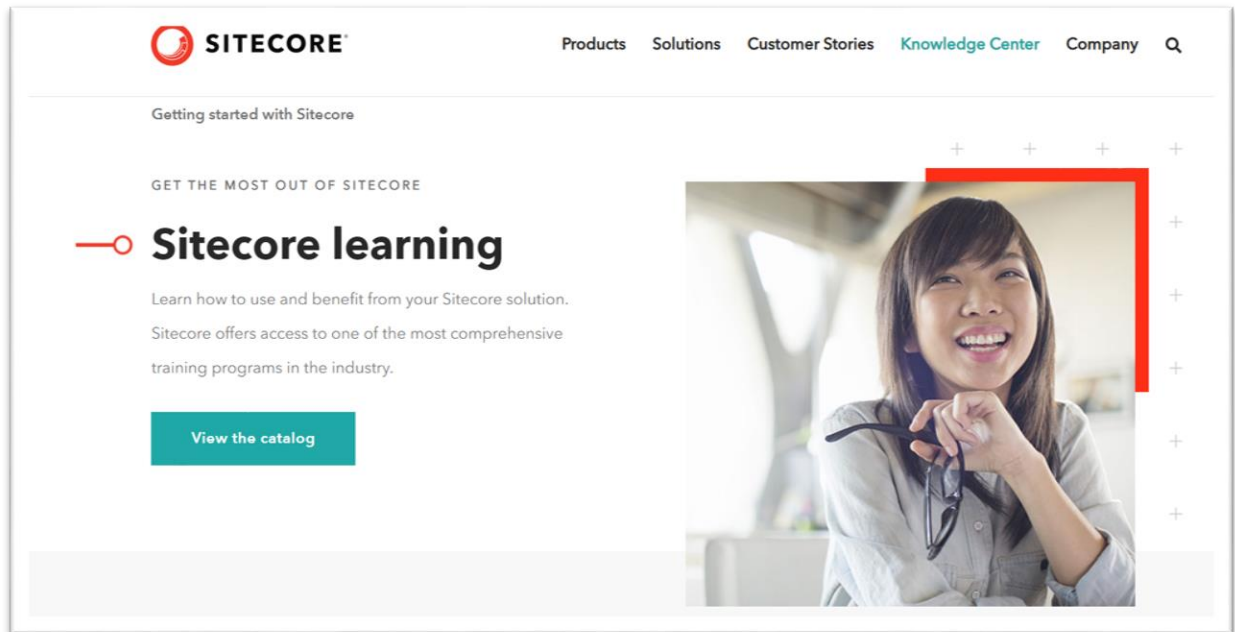

If you have trouble logging in, please click the [Contact Us](#) link

Thank you,

Sitecore Partner Operations

2. Sign up for training using your @avanade.com email address

Now that you are registered, you should open [eLearning site](#) which will land you here.

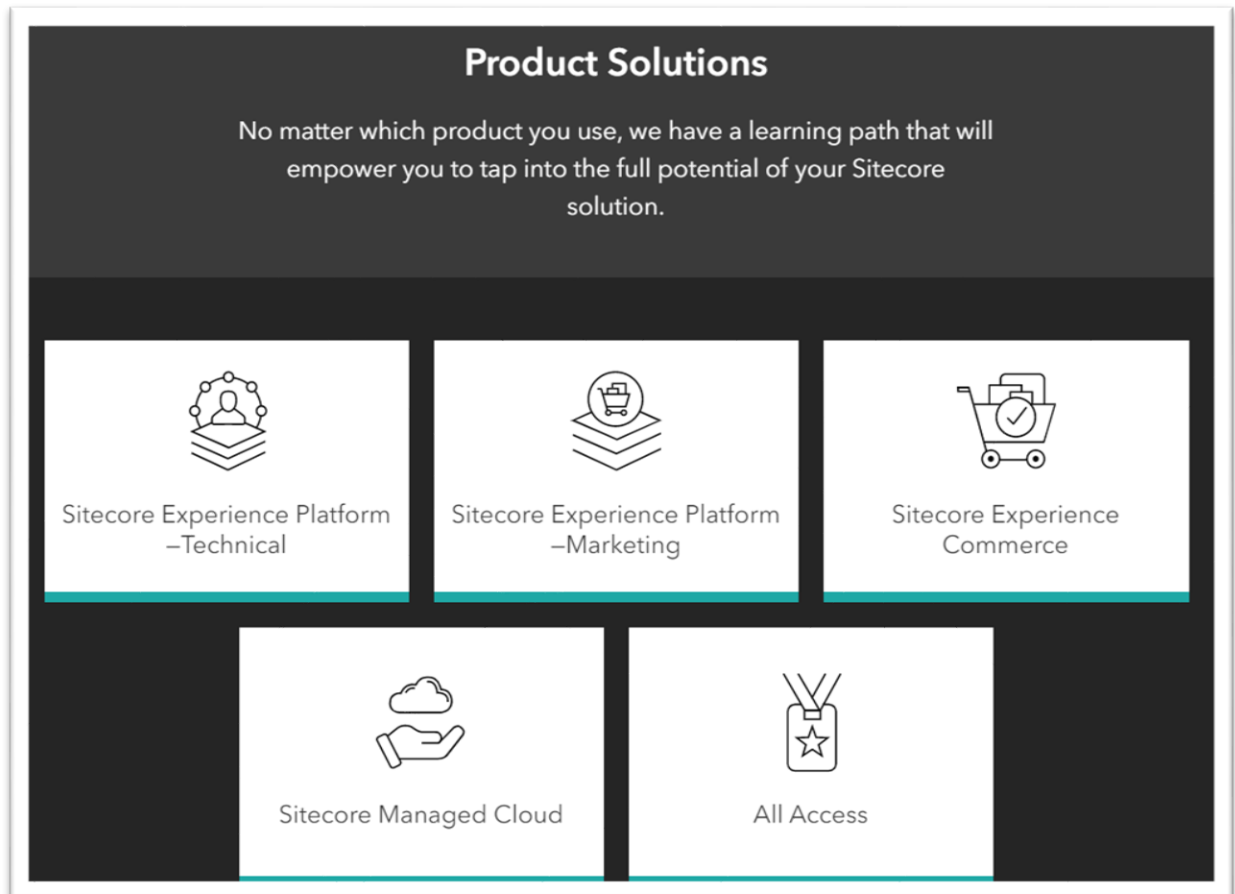

Scroll down and you will see this section.

Sitecore Experience Accelerator (SXA) Collection

[< Back to Product Solution](#)

The Sitecore Experience Accelerator Collection (SXA) will help your organization expedite your digital go-to-market strategy while reducing implementation costs and total ownership costs. SXA enables Content Editors, Marketers, and Merchandisers to influence the design from a business perspective in real time. As a Sitecore user, completing this Collection will enable you to fast-track your design and implementation process. Furthermore, this Collection provides an overview of the essentials you need to build a website and organize content through SXA. Additionally, completing this Collection will help you work with Page and Partial Designs, create components, assign renderings, customize component renderings, and innovate your design through personalization and testing features in SXA.

The SXA Collection includes the following Albums:

- Introduction to Sitecore *Experience Accelerator
- Fast-Track Design in Sitecore* Experience Accelerator

Sign in to the elearning site again by clicking on **Partner Login** button, which will login using your @avanade.com email address. Please **note** that this could be a different login to the one you used to sign into the Sitecore Partner Network (it is for me). I have one login for spn and another for the eLearning site, both under the same fabian.dal.santo@avanade.com email address (just different passwords)

This will take you to the Shopping cart and you can check the total amount coming as \$0.00 USD automatically.

Click on **Checkout** and put in an address. I used my local office address. (I am unsure what happens if there is a Sales Tax. If that happens, please email me at fabian.dal.santo@avanade.com and I can ask Sitecore.)

Click **Confirm Order** after checking all the details again.

Please find below some quick tips on how to navigate the bite-sized content:

These steps will help you to access your learning content once you have created an account and enrolled in a Product Solution.

The learning content you are enrolled in is available within your account's Learning Dashboard.

Step 1: Click **My Account** (see Figure 1).

Figure 1: My Account

In your Learning Dashboard, you will see every Product Solution you have enrolled in.

Step 2: Click on a Product Solution (see Figure 2).

Figure 2: A list of your Product Solutions

Once you click on a Product Solution, you will see a list of the Collections within that Product Solution.

Step 3: Click on one of the Collections to access its content (see Figure 3).

Figure 3: A list of Collections within a Product Solution

In the navigation, you will see the Albums and Singles, your gateway to bite-sized learning!

Step 4: First, click on one of the Singles to access its Launch button. Then, click **Launch** (see Figure 4).

Figure 4: Access content Launch button.

Once you have launched a Single, you will see the bite-sized learning options for each Track.

Step 5: Click on your **preferred method of learning** to access the learning content (see Figure 5).

Figure 5: Choose your preferred way to learn.

After completing your desired content within the Single, you must exit to save your progress.

Step 6: Click **Save and Return** to exit the Track and save your progress (see Figure 6).

Figure 6: Save your progress and return to the entire collection.

If you choose to not complete a Single, you have the option to manually mark it as complete (see Figure 7).

Once you have completed a track or marked it as 'complete', you will have the option to Review or Retake the Track (see Figure 7).

Figure 7: Manually mark a Single 'complete' (optional). Review or Retake Single.

Note: If the Collection offers a Certificate of Completion, you must take the Post-Assessment and pass with a score of 80% or higher. Your Certificate will arrive via email.
